MIXER & DIVERTER: MD-V3

Functions of MD-V3 | Mixer & Diverter:

- 3-Way Vertical Diverter: Customize your shower experience with three distinct water flow settings for optimal versatility.

Product Specifications:

- Single Lever High Flow Shower Mixer: Effortlessly control water temperature and flow with the high-performance single lever mixer.
- Chrome Plated: Sleek and stylish chrome plating ensures a modern look and adds a layer of protection against corrosion.
- Pure Brass Construction: Built with high-quality pure brass for enhanced durability and longevity.
- Mixer: Precisely control water temperature and flow with the single lever high flow shower mixer.
- Diverter: Easily switch between three water output functions to tailor your shower experience.
- Finish: Chrome plating provides a sleek, modern look while protecting against corrosion.

Technical Details:

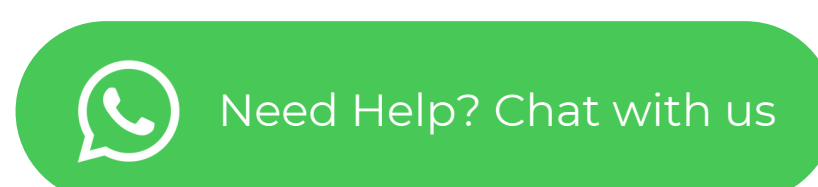

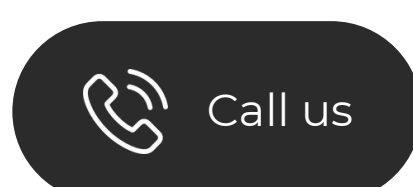

- Water Pressure: Requires a minimum of 2 bar pressure; recommend a 0.5 HP pressure pump for low water pressure situations. Pressure Pump is not required if the distance between your bathroom and overhead tank is more than 50 feet, as it will create natural pressure.
- Tested: We test products @ 4 Bar.
- Ideal Geyser Capacity: More than 20 litre is recommended

CARE & CLEANING TIPS

- Cleaning: Use only water for cleaning the surface; avoid using any chemical cleaners.
- Water Caution: Avoid exposure to High TDS (Total Dissolve Solids) water. The TDS Level Recommended by WHO, however it should be less than 300 ppm (parts per million)
